Dear Sir:

This is a request for continued examination (RCE) under 37 CFR 1.114 for the above-referenced patent application. In response to the Final Office Action, dated March 11, 2004 and the Advisory Action, dated June 9, 2004, it is respectfully requested that the Examiner enter the following new claims and consider the following remarks.

IN THE CLAIMS:

Please enter the following new claims:

74. (new) A communication system capable of using wireless down-link signals to and wireless up-link signals from mobile stations, comprising;

a plurality of transceivers having broadcast channels and dedicated channels carried by said wireless signals;
